Attention:

How dare you allow the Union to bankrupt the corporation of General Motors and , than reward them with 34% of company stock., leaving the loyal stockholders with NOTHING!!!!!! Further more the CEO took millions of dollars in a golden parachute and looting the company. Where is the justice? There is no justice....

I have been a stockholder in General Motors for over 10 years , having lost over \$30,000 Where does this leave me? This is another OBAMA, pay back for the Unions support for his election, another travesty , in the our country that is going down the tubes because graft and underhanded dealing with crooks.

I will never purchase another product of General Motors, or support any products they may produce. I will also advocate my feeling to others . This is a disgrace to our country.
